District Veterans Contracting IN SERVICE FOREVER

District Veterans Contracting (DVC) is a Service-Disabled, Veteran-Owned Small Business (SDVOSB) based in Washington, DC, providing general contracting services for small and mid-sized government projects. Since its founding in 2009, DVC has completed more than \$100 million in projects for its government clients. DVC specializes in rehabilitation and revitalization of public buildings in Washington DC, Maryland, Virginia, West Virginia, North Carolina, and Pennsylvania.

DVC has extensive experience in tenant-occupied spaces, particularly occupied medical facilities. DVC takes pride in delivering projects on time and on budget. The company has been engaged by more than a dozen different VA Hospitals, the U.S. Army Corps of Engineers, the U.S. Army, the U.S. Coast Guard, the DC Department of General Services, the DC Public School System, and the West Virginia Division of Natural Resources.

DVC projects focus on new construction, renovations and historic renovation. Typical projects range in value from \$100,000 - \$8 million. Project elements may include demolition, hazardous material remediation , roof repairs, green roofing, historic marble façade repairs, window and elevator installations, accessibility upgrades, interior finishes and improvements to all major building systems (electrical, mechanical, fire suppression, telecommunications and security).

Safety and quality control are DVC's top priority. Frequent communication with government customers assures their satisfaction throughout the construction process. The company strives to deliver the highest quality product while minimizing change orders and maximizing government savings.

The American veteran is the core of our workforce. We extend an outreach offer to the local veteran community as part of our mission. *In Service Forever* is not just the company motto, it's a promise to the taxpayer, our government clients, our employees, fellow veterans, and the community.

Sediment and Erosion Control

- Temporary erosion control measures
- Environmental protection plans & stormwater management plans
- Soil stabilization throughout construction

Concrete & Site Work

- Excavation and grading
- Foundation and caissons
- Electrical duct banks
- Sidewalks, curbs, handicap ramps
- Underground utility connections

Selective & Total Demolition

- Hazardous materials abatement
- ICRA (Infection Control Risk Assessment) compliance
- Traffic control
- Protection of existing structures

Roofing & Architectural Sheet Metal

- Green roofing of all types
- Flat roofing systems – EPDM, Built-up, Modified Bitumen
- Slate/asphalt/composite/metal/cedar shingle
- Standing & flat seam stainless steel, copper, tin metal roof system
- Gutters, downspouts and water diversion systems
- Custom and ornamental fabrication
- Historic roof renovations, including metal fabrication

Mechanical & Plumbing

- Generators and fuel tanks installation
- Rooftop air handling units and chillers
- Ductwork repair and upgrades
- Plumbing, insulation, and firestopping
- Sprinkler and fire suppression systems
- Testing & Commissioning of all systems

Design-Build Services

- Fast track design and permitting
- All trade and general construction services

Electrical Work

- Transformers, switchgear, low/medium voltage cable
- Grounding and lightning protection systems
- Pole work and coordination with utilities
- Coordination to integrate controls
- Communications systems, video surveillance, PACs systems

Hospital Interior and Infrastructure

- Hygienic wall and ceiling finishes
- Patient headwalls, patient lift systems, medical gas connections
- Operating Room systems and medical boom structures
- ICRA (Infection Control Risk Assessment) compliance
- Accessibility upgrades
- Nurse call systems and overhead paging
- Epoxy flooring

Historic Renovations

- Interior and exterior restorations
- Fire suppression systems in historic structures
- Historic masonry façade restoration
- Copper turrets and other ornamental metals
- Cornice work

Interior Buildouts and Finishes

- Government and military office buildouts
- Courthouses and courtrooms
- Educational laboratories
- Medical laboratories

Anti-Terrorism / Force Protection Improvements

- Vehicle Control Points
- Security gates, Pop-up barriers and other deterrent measures
